How can you support their spelling practice?

Each week, you child should practise their spellings in their homework books. They will be given a spelling home learning sheet with their spelling rule for that week and their spellings will be recorded in their planners. In order to practise this half term's spellings you could try the following strategies that are most appropriate for this half term's spellings.

A range of phonemes

Segmentation strategies

- Breaking the word into syllables and then segmenting the phonemes within a syllable.
- Breaking the word into morphemes (prefix/root/suffix).
- Identifying parts of the word that are really tricky to spell.

Suffixes '-ment' and '-ness'

Word matrices

Together with your child you could take it in turns to create a word from the matrices. Read the chosen word and then try to spell it correctly with the suffix. Together check the spellings and, if wrong, look closely and then write the word three times.
